Self-Health Kiosk User Privacy

What data do we collect?

After giving consent for their data to be collected and stored in their patient record, patients are verified against their patient record via their name and date of birth to allow them to continue. They then complete basic health checks by answering questions and using the integrated peripheral devices (e.g. blood pressure machine). The data collected is stored directly into the patient administration system (PAS) at the GP surgery. No data is stored on the kiosk. No data is accessible to EK Interactive Innovations Ltd.

How do we use your data?

EK Interactive Innovations Ltd do not collect, use, store, view or delete any of the data. Data entered onto the self-screening kiosk by the patient is not stored on the kiosk, it is integrated into the patient record (PAS system) via API.

How and where do We store your data?

EK Interactive Innovations Ltd do not collect, view, store or use any of the data entered into the patient record via the self-screening kiosk.
